Academic discourses usually position advertising as a tool of the capitalist regime to legitimise and reinforce its socio-political arrangements. Advertising does this by presenting consumption as an answer to all material and social needs. Fetishism of commodities infuses objects with powers objects cannot possess and "capitalist realism" presents an idyllic view of the world that...

### Advertising - the art of capitalism - Midnight Media Musings...

According to Advertising, The Uneasy Persuasion (RLE Advertising): Its Dubious Impact on American Society by Michael Schudson, "So long as investors, salespeople, and retailers believe advertising affects consumers, advertising will influence product availability and this, by itself, shapes consumer choice." These consumer choices we make affect society, and what people continue to buy.
