Bfr Study Guide

For holders of pilot certificates issued by the United States Federal Aviation Administration a flight review (previously the FAA referred to this as a biennial flight review, usually abbreviated BFR) is a review required of every active holder of a U.S. pilot certificate at least every 24 calendar months. The flight review consists of at least 1 hour of ground instruction and 1 hour in-flight with a qualified flight instructor.

Flight Review Study Guide Flashcards | Quizlet

In that video I'm doing things a bit different. I'm taking you along for the ride as I do a BFR for my friend and Pilot's Inner Circle Member Steve in his Cherokee 140. It's a great chance to see how I teach and conduct a flight review and give you a pretty good idea on what to expect.

What To Expect On Your Biennial Flight Review (BFR ...

BFR isn't intended to be a test. Its a training event in which proficiency is evaluated. That being said, if you really want to know what to look over before the flight review to make sure you spend as little time as needed on the ground portions you should look at part 61.56 which says the ground portion must include "A review of the current general operating and flight rules of part 91 of this chapter.."
