A “structured product” is therefore obtained, arranged such that the highest tranche has the best rating possible (“AAA” or “Investment grade”) from the credit rating agencies, the middle tranche(s) have an intermediate rating (“BBB” in our example below), and the lowest tranche is either not rated or rated “speculative.” It ...

Understanding Securitisation & Asset-Backed Securities (ABS)

While complicated and opaque securitisation structures could be undesirable from the point of view of financial stability, prudentially structured securitisation transactions can be an important facilitator in a well-functioning financial market in that it improves risk distribution and liquidity of lenders in originating fresh loan exposures.

About Us - GCR

OFC securitisation involves the provision of legal structures, registered in the OFC, into which foreign capital is placed to finance foreign assets (e.g. aircraft, ships, mortgages assets etc.), used by foreign operators and foreign investors. The OFC thus behaves more like a legal conduit rather than providing actual banking services. This ...
