I want to export Sentaurus TCAD generated electron concentration profile (2D in nature) into a data file for next stage data processing using other software (let MATLAB).

197 questions with answers in SENTAURUS | Science topic

It contains full source, examples and manuals. `lp_solve` solves pure linear, (mixed) integer/binary, semi-continuous and special ordered sets (SOS) models. Note the word linear. This means that equations must be of the first order. $5 * x - 3 * y$ is an example. However $x * y$ is not linear and cannot be handled by `lp_solve`.
